Do not use in non-commercial or residential settings

Equipped with three robust epoxy-coated shelves, each with a capacity to support up to 85 pounds, you'll find ample storage space for your ingredients and products. The internal LED lighting guarantees exceptional visibility, simplifying the task of locating items within.

Efficiency is at the core of this refrigerator's design, utilizing R290 refrigerant and powered by a capable 1/6 horsepower compressor operating at 115V/60Hz. This translates to remarkably low energy consumption, merely 1.15 KW per 24 hours, leading to significant long-term cost savings.

Hinge Location	Amps (A)	Hertz (Hz)	Temperature Range	Caster Size (inch)
Right	3.5	60	33°F to 40°F	4.88

The **Atlas Air** brand is synonymous with unwavering quality, and this refrigerator is no exception. Whether you operate within the foodservice industry or a commercial kitchen, you can rely on this unit to maintain your products at their desired refrigerated temperatures, preserving their freshness and quality.

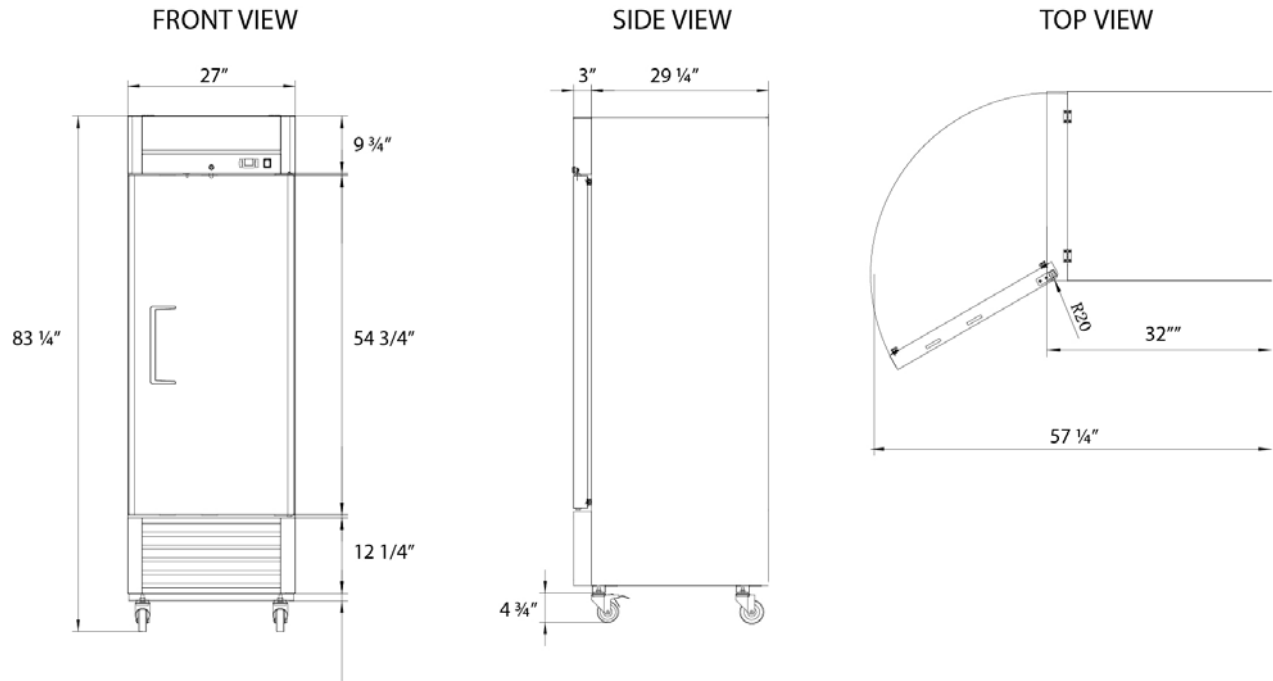

One Door Reach-In Refrigerator **SKU: A1**

The self-closing doors not only add convenience but also boost energy efficiency by securely locking when necessary. The unit's mobility is effortlessly enabled by 4 7/8 inch casters, with the option to lock two of them in place to ensure stability.

Invest in the future of your business with our A1 one-door reach-in refrigerator. It embodies a powerful, energy-efficient, and reliable addition to any kitchen, meticulously designed to meet your needs for many years to come.
